

# WILD HEARTS

## ENVIRONMENTAL EDUCATION PROGRAM

### Term 1 Lesson 1: Wetland Additional Activity

## Counting Frog

Print out and laminate 1 dice and 4 - 6 frog boards.

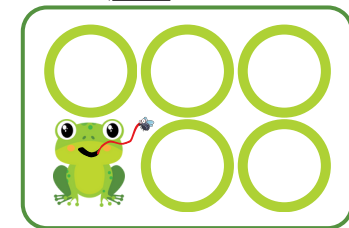

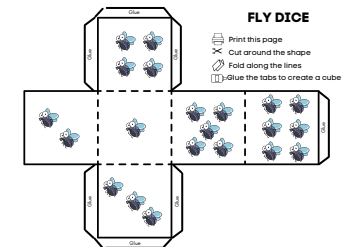

Give each child a frog game board. In turns, have each child roll the dice, and count the flies. Then ask the child to represent the number rolled, on their frog board, using counters (beans, buttons, stones etc). The children must place each turns rolled quantity into one circle. Repeat until all the circles have been filled.

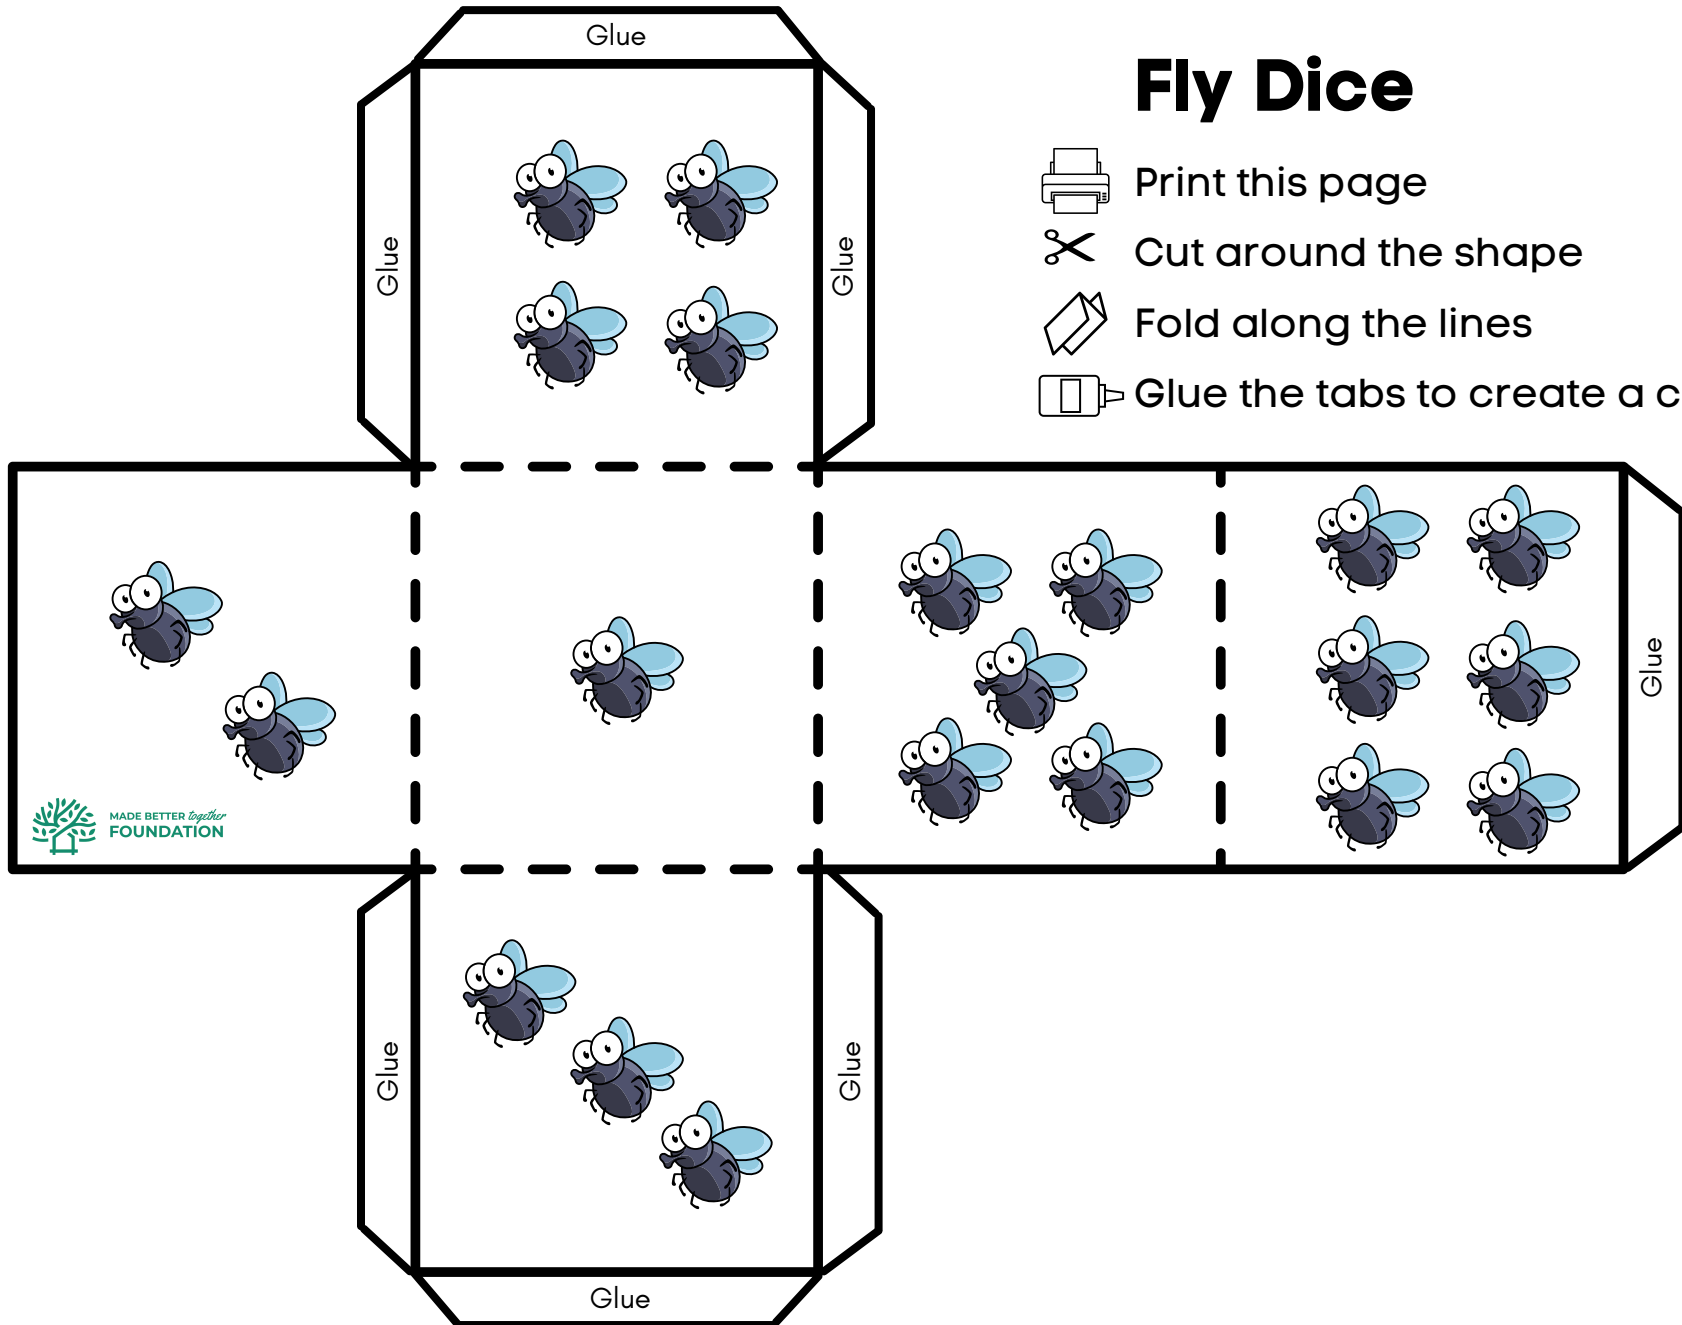

Add all the counters of each circle together to see who has the most.
